

**HELP US GET READY FOR GIVING TUESDAY !**  
A GLOBAL GIVING MOVEMENT – NOVEMBER 27, 2018

We are planning, for the first time, to participate in the Giving Tuesday Global Day of Giving and we need your assistance along the way.

**COME JOIN US !**

As an early Donor you will be listed on our websites homepages with your name or logo and link. Those giving more will have a custom personal page with information about you and your business with images and your website and social media links. Your information will remain on those websites through the end of 2018 and well into 2019. You can also give anonymously.

**ABOUT HAYEHWATHA INSTITUTE**

Hayehwatha Institute is a nonprofit 501(c)3 organization located in Mount Shasta, California. Since our formation in 2004 we have been researching the phenomenon of awareness and see this topic as the next frontier of science.

While we offer the basic understanding and practices of all things consciousness, meditation and enlightenment, we have found a way to show people how to expand their awareness beyond the size of our universe. With an expanded awareness of that magnitude, other doors open, where one can explore and further understand who we are, where we are going and how we can get there in a better way. At the same time the practical benefits in every facet of daily living are significant; giving one the ability to see everything from a broader perspective.

**ABOUT MOUNT SHASTA**

Our second focus of interest is the phenomenon of Mount Shasta, which has become a mecca every year for thousands of spiritual seekers throughout the world looking for direction and connection. Most of them say they were “called” to Mount Shasta. What is that about and how can it be proven scientifically? Beginning 2009, Hayehwatha Institute has provided annual summer events called The Best of Mt Shasta Conference & Festival to give attention to the local people who live in the Mount Shasta area representing Native Healing, Self Discovery, Alternative Health & Wellness and Our Environment.

We are studying how it is that these featured local groups, along with the international spiritual visitors to the Mount Shasta area, can see and experience what others do not see or experience. These individuals are uncovering greater insights, no matter how unbelievable their findings may appear to be. Their new understandings are contributing to the awakening consciousness of our times.

Hayehwatha Institute has also been interviewing, what we call “Spiritual Women on the Move”, who are also called to Mount Shasta for a specific time to deepen their experiences and then are called to other areas throughout the United States and the world to bring healing and understanding to other people and places.

### **ONLINE COURSES**

We want to bring these situations out of the realm of “woo woo” and skepticism, and into the world of science and understanding.

Through Giving Tuesday we will be seeking funds to create “online courses” for the following four websites: Hayehwatha Institute, Become A Seer, The Best of Mt Shasta and Spiritual Women on the Move. We will first create the same infrastructure for each of the four existing websites that will include prerecorded videos, ongoing interviews, webinars, workshops, extended courses and community forums.

### **HOW YOU CAN HELP US**

To prepare for Giving Tuesday we have many costs that must be met before Giving Tuesday in November. First, our application, fee and profile need to be submitted to Giving Tuesday by September 26. We have office and internet costs and must update our websites and social media to add our Giving Tuesday campaign and our first donor’s information. We have an email campaign to prepare and send several times to our 6,000 subscribers and several thousand social media “friends’. We would like to also send out Facebook ads to our local area.

If you can help us, please complete the form on the next page.

We deeply appreciate your help. Thank you very much!
